BENEFITS OF REALTOR® MEMBERSHIP

When Is a Real Estate Agent a REALTOR®? A real estate agent is a REALTOR® when he or she becomes a member of the NATIONAL ASSOCIATION OF REALTORS® (NAR), the world's largest professional association. The term "REALTOR®" is a registered trademark that identifies a real estate professional who is a member of the NATIONAL ASSOCIATION OF REALTORS® and abides by its strict **Code of Ethics**.

Founded in 1908, The National Association of REALTORS®, "The Voice for Real Estate," represents over 1.5 million members, including NAR's institutes, societies and councils, involved in all aspects of the residential and commercial real estate industries.

Membership is composed of residential and commercial REALTORS®, who are brokers, salespeople, property managers, appraisers, counselors and others engaged in all aspects of the real estate industry. Members belong to one or more of some 1,000 local associations/boards and 54 state and territory associations of REALTORS®, or to one of 87 cooperating associations in 66 countries. They are pledged to a strict Code of Ethics and Standards of Practice.

Working for America's property owners, the National Association provides a facility for professional development, research and exchange of information among its members and to the public and government for the purpose of preserving the free enterprise system and the right to own real property.
